

YOUR **STRATEGIC** **CONSULTANCY** PARTNER

From supporting you through mergers to mentoring your HR people.

STRATEGIC CONSULTANCY AND ADVICE

How we work with you

We can provide practical support and guidance if your organisation is undergoing change as the result, for example, of merger, acquisition or even a divestment.

We can advise on harmonising your terms and conditions of employment or deploying share/ bonus or strategic remuneration plans.

We can evaluate the efficiency of your HR operation and recommend improvements in your systems and processes. We can even provide confidential mentoring for your HR people.

We can also deploy skills management software solutions on your behalf.

CASE STUDY

ISN Solutions

Private-equity backed company ISN Solutions Ltd specialises in the shaping of IT and Communications strategies for clients and the delivery of the associated infrastructure and services. They were keen to give their entire focus to this core business, rather than worrying about the delivery of their HR function.

Simpson Booth's role

In addition to managing their recruitment function on an outsourced basis, we also provided ISN with HR consultancy services, supported by the provision of a dedicated HR Generalist.

This individual spent time in ISN's offices every week and fully integrated into their team. At the same time, they were able to draw on the in-depth knowledge and expertise of the wider Simpson Booth team, as and when required.
